The Mississippi-Louisiana Regional Planning Commission heard the estimate from Louis Bisso, New Orleans, an official of City Planners Inc. at a meeting at MTO at Gainesville Tuesday night.

Bisso said the first phase will be a sketch plan rather than an analysis in depth. The commission is composed of representatives from Hancock, Harrison and Pearl River Counties, Miss., and St. Tammany Parish, La., all within the impact area of MTO. Bisso told the commission that the things to be considered in the overall plan will include population, a study of natural resources and economy, land utilization, development and zoning, building codes, transportation, recreational facilities and schools.

Bisso added he could not give the planning unit a price for the service at this time due to the scope of the project. It was announced by the finance committee of the commission that four candidates will be interviewed for the position of planning manager.

Hancock County Chapter of the American Red Cross will begin its 1965 fund drive March 5 and will continue through the month.

More than 50 workers will participate in the current drive. The need for funds in 1965, Mr. Gray continued, is great as numerous floods, cyclones, etc., have contributed to unusual requirements. A substantial part of funds donated will be required in Hancock County for local Red Cross work, while the remainder will be sent to National Headquarters for various needs of the National organization, including among others, the relief of want and suffering from disasters which may occur anywhere, possibly including this area.

Mrs. Clyde Craig, president of local unit, presented Mrs. White with a poppy corsage and produced other guests. Miss Mary Perry, department secretary, and Mrs. Esther Oschmann, district president.

Mrs. White gave an informal talk, highlighting several Auxiliary projects. She emphasized the need for all auxiliary members to write their Congressmen by letter, to be presented at the closing 31st anniversary.

Also of prime interest is the upcoming official visit of the national president Mrs. Walter Andrews of Jackson, Ala., March 18-19.

A concentrated drive is under way to reach the state and local by the time of Mrs. Andrews' visit.

A new program is being initiated this year with selection of auxiliary members of the year.

Miss Perry spoke briefly on the Auxiliary's programs and conducted a question and answer period.

A gift was presented Mrs. White by the unit members.

The Valentine motif was used in decorations and refreshments.

The luncheon table, covered with white linen cloth, was centered with heart shaped centerpiece of poppies.

# IDENTIFY YOUR TAX RETURN FOR RESULTS

"When will I get my refund?" is one of the questions most frequently asked by taxpayers according to Mr. J. G. Martin, Jr., District Director of Internal Revenue.

An illegible name or address is quite often the reason for failure to receive refunds, Mr. Martin said. Thousands of refund checks are returned to Internal Revenue every year because the postman cannot deliver them.

Mr. Martin said that it is permissible to sign your name at the bottom of the return the way you always sign your name, even if your signature is a hurried scrawl. But at the top of the return, be sure that your name and address are carefully printed or typed along with your social security number.

Mr. Martin said that if the taxpayer has moved, he should show his new address to promptly receive refunds and other mail from Internal Revenue. If he moves after filing, a forwarding address should be left with the post office.
